April General Meeting Speakers

Date:

Coquitlam,
Wed. Apr. 1, 2026

Abbotsford,
Tues. Apr.21, 2026

Guest Speaker :

**Christian Redshaw - President of Tynebridge Digital Partners
& Host of the Digital Trust Podcast**

Topic:

Thinking Like a Cyber Criminal - Reasons to Care About Cyber Security

A look into cyber security threats of the trucking and transportation industry and what you can do to protect against these threats.

**Christian Redshaw
President**

credshaw@tynebridgedigital.com

T: 1.866.772.9237 (Ext. 707)

DOES CYBER SECURITY MATTER FOR CAFS MEMBERS?

ATTACKERS ONLY HAVE TO BE RIGHT **ONE TIME**.
DEFENDERS HAVE TO BE RIGHT **EVERY TIME**.

Christian Redshaw - Tynebridge Digital Partners

WHY IS THE TRANSPORTATION INDUSTRY A TARGET?

1. Supply Chain

- Big Picture: Transportation companies are a central part of a country's supply chain
- Micro Picture: Transportation companies are also part of their clients' supply chains

Primary Attack Vector

=

Your Email

The Busiest Information Flow In & Out of Your Company

2. High Payoff / Low Resistance

Transportation companies are vulnerable to cyber-attacks because they are a high payoff / low resistance target for cyber criminals.

DARK WEB RESULTS

Multiple CAFS members are appearing on the dark web — this can be a signal of weak security to cyber criminals.

CAFS Mandate

Promote the safe operation, maintenance, and management of commercial and municipal fleet vehicles and trucks.

Opportunity

Expand the safety mandate into Digital Safety.

Initiative

Provide leadership and support to close the **cyber security gap** in the Canadian transportation industry.

WHAT'S AT RISK?

What sensitive, private information do you have in your company belonging to:

The company

Employees

Contractors

Suppliers

Clients

Partners

Job Opening: Instructor- Authorized Inspector & Facility Operator Courses

Location: Port Coquitlam, BC

Type: Contract

Start Date: Negotiable

Wage: \$500/day

About the Role

We're seeking a qualified and experienced individual to teach both the **Authorized Inspector** (3-day course) and **Facility Operator** (1-day course) training programs as part of BC's **Vehicle Inspection Program** (CVSE). You'll help prepare technicians and facility managers to meet provincial standards for vehicle safety inspections.

This role is ideal for someone with a strong technical background and a passion for mentoring the next generation of inspectors.

Key Responsibilities

- Deliver structured training sessions for Authorized Inspector and Facility Operator candidates
- Teach both theory and hands-on procedures using the Vehicle Inspection Manual and CVSE requirements
- Guide students through certification processes and compliance expectations
- Ensure training aligns with provincial standards and reporting protocols
- Remain impartial during invigilation of assessments and exams for certifications

Requirements

- 5+ years of industry experience (vehicle repair, inspections, or facility management)
- Strong working knowledge of BC's inspection procedures and safety regulations
- Familiarity with CVSE's Vehicle Inspection Manual
- Comfortable teaching small groups and mentoring working professionals

Page 1

- Ability to engage working floor staff and professionals in a classroom theory environment
- Ability to convert legal text and regulations into common language on-the-fly during the program

An equivalent combination of experience and education may be considered

Preferred

- Red Seal certification in AST, CTM, HDET, or Trailer Technician an asset
- CVSE-certified Authorized Inspector (current or previously certified) an asset
- Experience operating or managing a Designated Inspection Facility
- Training or supervisory experience in an automotive setting
- Perfect for a semi-retired tech, shop foreperson, or anyone passionate about passing on knowledge.

Apply by sending your resume to: applications@cafs.ca

Questions? Call us at: 778 704-3662

www.cafs.ca

Help us support vehicle safety and compliance by training the techs and facility operators of tomorrow.

CAFS ADVERTISING OPPORTUNITIES

CAFS's Member Newsletter, and Website are great ways to get your company advertisement or job posting out to like minded individuals, organizations, supporters and potential customers within your industry.

Choose to promote through one method or more.... Consider your opportunities today!

CAFS's Member Newsletter

A source to upcoming events and training:

- 11 issues of the newsletter produced & loaded to CAFS website per year
- The link is sent electronically via email to all CAFS members
- Current issues and archived issues are always available on CAFS website
- Choose as many 'full page' ads per issue that you wish
- Flexibility to change the ad during the year if you wish

One Full Page advertisement per issue for 11 issues @ \$350 (+ gst)

One Full Page advertisement for 1 month @ \$150 (+ gst)

Members ONLY opportunity

CAFS's Website

Do you have a Job Posting that you want to advertise?

A popular addition to our website for advertisers and job seekers is CAFS 'all access' Job Posting section.

- Your PDF posting will be posted and visible for as long as you wish
- Posting notice is sent electronically via email to all CAFS members

One month Job Posting @ \$125 (+ gst) (member price)

One month Job Posting @ \$250 (+ gst) (non-member price)

CAFS TRAINING

Put CAFS's wealth of knowledge and industry trainers to work for you!
Our instructors are top-quality and have many years experience in their related fields of training.

Air Brake Instructor Certification

A Provincial Government Approved Course

This ICBC approved program is designed to give participants the knowledge to effectively prepare and deliver an air brake course.

The course concentrates on instructional methods and technical content for air brake systems.

Course content includes topics of instructional procedures such as lesson plans, coaching, effective teaching techniques questioning techniques and developing multiple choice questions.

Technical content includes topics on the basic air brake system, dual air brake system, trailer air brake systems, brake adjustment and air brake valves.

Each student is given an opportunity for "hands on" experience in assembling and instruction using a fully operational air brake board. The air brake board has fully interchangeable components and is capable of simulating all types of air brake systems.

Each student is required to develop and present two 45 minute presentations to the class. Topics will be on air brake systems and the instructor will allocate the topics on the first day of class.

Each student must obtain 80% on each presentation to pass the course. An informational entrance exam is given on the first day and a final theory exam is given at the end of the

week. Each participant must obtain 80% on the final theory exam to be successful.

Each student is given a "Driving Commercial Vehicles" handbook, a course manual which includes technical information and Provincial And Federal air brake regulations.

IMPORTANT ACTION REQUIRED BY STUDENT:

To confirm the two years of air brake experience, the applicant will need to obtain a customized Driver's Abstract with a note added to their driving record which displays the date they received their (endorsement 15) air brake endorsement.

The applicant must phone ICBC to get this customized driving record emailed or mailed to them.

Regular online driving records or those produced at a Driver Licensing Office will not have this information.

Once copy is obtained, you may proceed to register.

In accordance with ICBC

- Certification does not guarantee that ICBC will issue a Driver Training Instructor's licence, an Air Brake Instructor Certificate of Qualification, or a designation on a Driver Training Instructor's licence;
- ICBC may require a Certified Trainee to be re-examined by ICBC;
- ICBC will have access to the Trainee's Training and Assessment records

PORT COQUITLAM

May 25 - 29, 2026

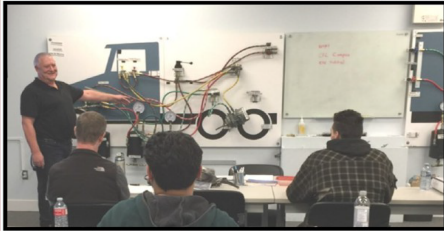

Time: 8:30 am - 4:30 pm daily

Cost: Member: \$1150 / Non-Member: \$1300

- * Maximum 8 students per class
- * Course fee includes course material
- The following manuals are optional, and will be available for purchase at the course;
 - \$35 - Air Brake Connection manual & \$35 - Inside Air Brake Valves + Devices

CAFS TRAINING

Put CAFS's wealth of knowledge and industry trainers to work for you!
Our instructors are top-quality and have many years experience in their related fields of training.

Authorized Inspector Certificate Course

Provincial Government recognized Certification Course upon successful completion

This course is required for journey person mechanics wanting to become certified as an Authorized Commercial Motor Vehicle Inspector.

This 3-day course will include two days of theory and one day of practical.

Prerequisites include Certificate of Qualification (TQ#) or Red Seal status in Commercial Transport Mechanical Repair, Commercial Transport Trailer Repair, Heavy Duty Mechanical Repair or Automotive Repair Trades.

Participants are eligible to receive their Authorized Inspector Certification upon successful completion of the course.

This course will cover the following content:

- Classes of motor vehicles,
- Motor Vehicle Act and Regulations,
- Designated Inspection Facility Program,
- Preventative Maintenance Program,
- Inspector Qualifications and Responsibilities,
- Responsibilities of Facility Operators and Inspectors,
- Commercial Vehicle Inspection manual,
- Procedures for forms completion and decal application,
- Vehicle Inspection e-forms general procedures and how to sign up,
- Preparation and administration of Authorized Inspectors examination,

NOTE student requirements:

A mobile BC Services Card registered for use to access online government application <https://www2.gov.bc.ca/gov/content/governments/government-id/bc-services-card/log-inwith-card>

Student are required to bring to class a laptop computer, tablet or mobile device to take the examination and apply for their inspector certificate.

CSA approved safety glasses and footwear is required during the practical portion of the course. Footwear must be steel-toed leather, ankle covering boots.

PORT COQUITLAM
TO BE ANNOUNCED

Theory: (days 1 & 2) AND **Practical:** (day 3)

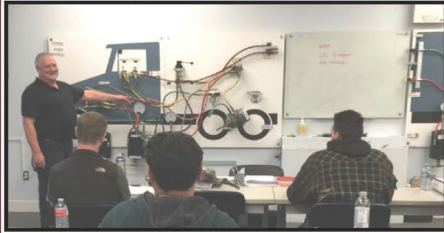

Time: 8:00 am – 4:30 pm, each day

Cost: **Member: \$450 / Non-Member: \$550**

CVSE Manual: **Students are required to bring a hard copy version of the manual to the course**
New 2025 Manual can be accessed directly at <http://www.vsis.ca/>

CAFS TRAINING

Put CAFS's wealth of knowledge and industry trainers to work for you!
Our instructors are top-quality and have many years experience in their related fields of training.

Facility Operators Certificate

This 1 day, 8-hour course prepares Designated/Preventative Maintenance Program Inspection Facility owner (s)/operator (s) for the Facility Operator's Course examination.

The Facility Operator Course training course educates the course participant of the program objectives, authorized inspector obligations, and a clear recognition of operator responsibilities and liabilities.

The Facility Operator Course provides a consistent platform of instruction to ensure business operations are complying with all applicable regulations, legislation, program requirements, and standards.

PORT COQUITLAM

TO BE ANNOUNCED

**INSTRUCTOR
NEEDED**

Cost: Member: \$300 Member / Non-Member: \$355

Required Materials:

Students are required to bring a 2016 Vehicle Inspection Manual (hard copy) or Vehicle Safety & Inspection Standards online and computer or tablet is recommended

Commercial Vehicle Cargo Securement

This 1/2-day (4 hour) program is designed for Fleet and Safety Managers, as well as all commercial vehicle operators, as per the new *Load Securement Standard* under schedule 10 of the National Safety Code. This course will equip managers and operators with the necessary skills to secure loads according to current regulatory requirements and industry "best practices".

ALL cargo being transported on the highway system must remain on or within the transporting vehicle under all conditions which could reasonably be expected to occur in normal driving, and when a driver is responding to emergency situations, short of a crash.

Drivers: Know how to properly secure the load.

Managers: Know that your fleet is in compliance and drivers & equipment are legal

Note: New North American Load Securement Standards in effect January 1, 2005.

In-House training delivered based on typical configurations and load dynamics specific to your business.

Commercial Vehicle Wheel Service

This "Certificate Course" is designed for mechanics apprentices and tire people who are responsible for removing and installing wheels, and also for drivers to help them on their pre-trip inspection.

This comprehensive 3-hour training program teaches service personnel the risks of improper installation, how to spot defective components, how to properly prepare wheels for installation, correct tightening procedures and how to comply with recommended procedures for torque checks and preventative maintenance.

In-House training.
