Dear CAFS Members,

It is with great sadness that we share the passing of our fellow CAFS member, Keith Sharp.

Keith was a well-known and valued member of CAFS for many years. He was a quiet and soft-spoken man, always kind, honest, and a true gentleman.

His gentle nature and warm presence made him someone who was respected and appreciated by those who had the pleasure of knowing him.

Keith worked for the City of Surrey for 14 years as Fleet Manager, a position that reflected his dedication and commitment to his work.

Above all, Keith was incredibly proud of and loved his family. He also had a great passion for rugby and was a proud supporter of New Zealand's All Blacks.

Keith will be remembered fondly by his CAFS friends and colleagues. His quiet presence, kindness, and gentle spirit will be greatly missed.

Our thoughts and deepest condolences are with Keith's family and loved ones during this difficult time.

Rest in peace, Keith. You will be sadly missed.

Regards,

Lori Hendy
Executive Director

Job Opening: Instructor – Authorized Inspector & Facility Operator Courses

Location: Vancouver Island, BC
Type: Contract
Start Date: Negotiable
Wage: $500/day

About the Role

We're seeking a qualified and experienced individual to teach both the **Authorized Inspector** (3-day course) and **Facility Operator** (1-day course) training programs as part of BC's **Vehicle Inspection Program** (CVSE). You'll help prepare technicians and facility managers to meet provincial standards for vehicle safety inspections.

This role is ideal for someone with a strong technical background and a passion for mentoring the next generation of inspectors.

Key Responsibilities

- Deliver structured training sessions for Authorized Inspector and Facility Operator candidates
- Teach both theory and hands-on procedures using the Vehicle Inspection Manual and CVSE requirements
- Guide students through certification processes and compliance expectations
- Ensure training aligns with provincial standards and reporting protocols
- Remain impartial during invigilation of assessments and exams for certifications

Requirements

- 5+ years of industry experience (vehicle repair, inspections, or facility management)
- Strong working knowledge of BC's inspection procedures and safety regulations
- Familiarity with CVSE's Vehicle Inspection Manual
- Comfortable teaching small groups and mentoring working professionals
- Ability to engage working floor staff and professionals in a classroom theory environment

PO Box 1222, Aldergrove, BC, V4W 2V1
Phone: 778 704-3662 Email: admin@cafs.ca Website: www.cafs.ca

- Ability to convert legal text and regulations into common language on-the-fly during the program
- An equivalent combination of experience and education may be considered

Preferred

- Red Seal certification in AST, CTM, HDET, or Trailer Technician an asset
- CVSE-certified Authorized Inspector (current or previously certified) an asset
- Experience operating or managing a Designated Inspection Facility
- Training or supervisory experience in an automotive setting
- Perfect for a semi-retired tech, shop foreperson, or anyone passionate about passing on knowledge.

Authorized Inspector and Facility Operator

CVSE does not have specific guidelines for hiring instructors for the Authorized Inspector and Facility Operator courses. The decision is left to the discretion of the Canadian Association of Fleet Supervisors to select a suitable candidate.

The qualifications given by Canadian Association of Fleet Supervisors are as follows:

1. **Familiarity with the Vehicle Inspection Program**: It's recommended that the instructor have familiarity with the program. This could be beneficial for the quality and relevance of the training.

2. **Instructor Qualifications**: There are no formal qualifications set by CVSE. The decision on who is qualified to teach the course is left to the discretion of the training institution.

3. **Connection to the Program**: While not mandatory, it's ideal for the instructor to have some form of connection to the Vehicle Inspection Program.

CAFS TRAINING

Put CAFS's wealth of knowledge and industry trainers to work for you!

Our instructors are top-quality and have many years experience in their related fields of training.

Air Brake Instructor Certification

A Provincial Government Approved Course

The Air Brake Instructors Course includes topics of instructional procedures such as lesson plans, coaching, effective teaching techniques, questioning techniques and developing multiple choice questions.

Technical content includes topics on the basic air brake system, dual air brake system, trailer air brake systems, brake adjustment and air brake valves.

Each student is given an opportunity for "hands on" experience in assembling and instruction using a fully operational air brake board. The air brake board has fully interchangeable components and is capable of simulating air brake systems.

Each student is required to develop and present two 45-minute presentations to the class. Topics will be on air brake systems, and the instructor will allocate the topics on the first day of class. Classroom hours are minimums; this presentation development and other coursework must be completed outside of class (ie: homework is required).

Each student must obtain 80% on each presentation to pass the course. An informational entrance exam is given on the first day and a final theory exam is given at the end of the week. Each participant must obtain 80% on the final theory exam to be successful.

Each student is given a "Driving Commercial Vehicles" handbook, a course manual which includes technical information and Provincial and Federal air brake regulations.

IMPORTANT ACTION REQUIRED BY STUDENT:
To confirm the two years of air brake experience, the applicant will need to obtain a customized Driver's Abstract with a note added to their driving record which displays the date they received their (endorsement 15) air brake endorsement.

The applicant must phone ICBC to get this customized driving record emailed or mailed to them.
Regular online driving records or those produced at a Driver Licensing Office will not have this information.

Once copy is obtained, you may proceed to register.

In accordance with ICBC

- Certification does not guarantee that ICBC will issue a Driver Training Instructor's licence, an Air Brake Instructor Certificate of Qualification, or a designation on a Driver Training Instructor's licence;
- ICBC may require a Certified Trainee to be re-examined by ICBC;
- ICBC will have access to the Trainee's Training and Assessment records
