Facility Operators Certificate Course Outline

Introduction

This 8-hour course prepares Designated/Preventative Maintenance Program Inspection Facility owner(s)/operator(s) for the Facility Operator's Course examination.

The Facility Operator Certificate Course training course educates the course participant of the program objectives, authorized inspector obligations, and a clear recognition of operator responsibilities and liabilities.

The Facility Operator Course provides a consistent platform of instruction to ensure business operations are complying with all applicable regulations, legislation, program requirements, and standards.
